The Yearbook Dedication

Presented to Mr. Sherr on Class Day
by Bele Wariboko on behalf of the Class of 2012

Many of us at one point in our high school careers have heard the social studies teachers joke amongst themselves about each other. I'm sure we have all heard Mr. Sherr referring to how ancient some of our teachers are. This was how I first came to know about Mr. Sherr. First he was a teacher I just heard about who likes to tell jokes, and then he became that teacher who I occasionally saw around the school, who nine times out of ten had a smile on his face. Then he coached a team I was on. And then I was fortunate to have Mr. Sherr as a teacher. He made the classroom an interesting place to be. His influence and presence in WHS as a teacher, as a coach, and most importantly, adviser to this year's senior class has impacted many students.

Mr. Sherr began his career at WHS as a social studies teacher in 2004. Shelly Walsh says, "He always creates a fun, interesting learning environment. The discussions in his class are not lectures, but everyone bouncing ideas off of each other. He is always so encouraging and kind. Every one of his students can tell that he genuinely loves teaching."

Senior year is one of the most stressful years a student has to endure. Throughout the year we worry about college, scholarships, extra curriculars, and AP classes. Mr. Sherr's class was one I never felt stressed to attend or frustrated by the material. He just made everything that easy to understand, which is a relief to any senior. Ryan Neville said, "He is a very good teacher who involves every student in his lessons which are easy to follow and learn from." Dan Feldman agrees, "He is a wonderful teacher who takes pride in teaching and works with his students to make sure they understand." Kate Vanasse said, "His class was one of the highlights of all four years at WHS. He managed to engage nearly every student and wanted everybody to succeed."

It's clear his dedication stems from his love of teaching. Kristina Saliba says, "He comes into class every day enthusiastic and always with a sense of humor. He's sincere in all he does and cares about every one of his students. He's made me laugh more times that I can count and I'm so glad I got to have him as a teacher." As we recognize Mr. Sherr today, it is clear that being a teacher here at WHS is not just a job.

His love for it is reflected in his actions every day. Valentina Wigozki says, "I don't think I've ever seen him without a smile; you can't help but be in a good mood when you're with him."

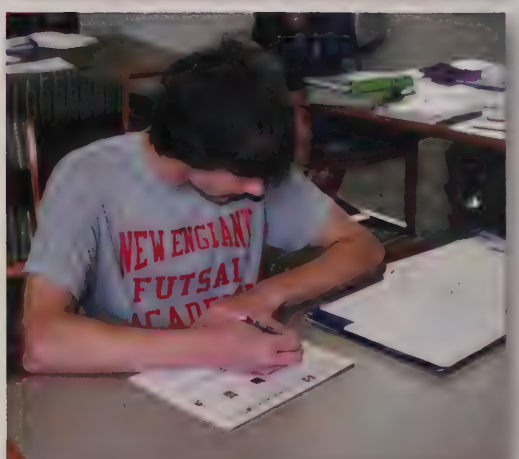

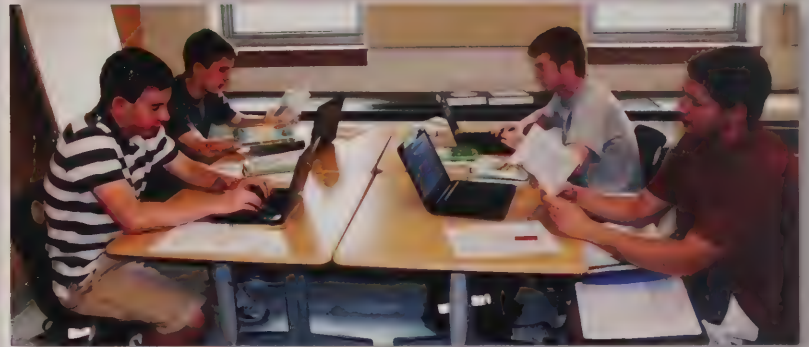

Beyond his work in the classroom, Mr. Sherr's influence has made sure our senior year would be memorable. **Caitie Reilly**: "On top of being a fantastic teacher, he has been an incredible organizer/manager/supporter of this year's senior class. Working with our class officers he has helped so much in making our final year a very memorable one. Besides, he is one of the kindest teachers I know!"

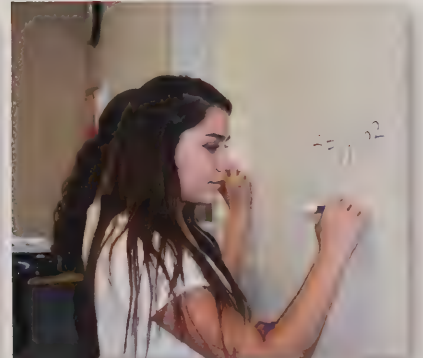

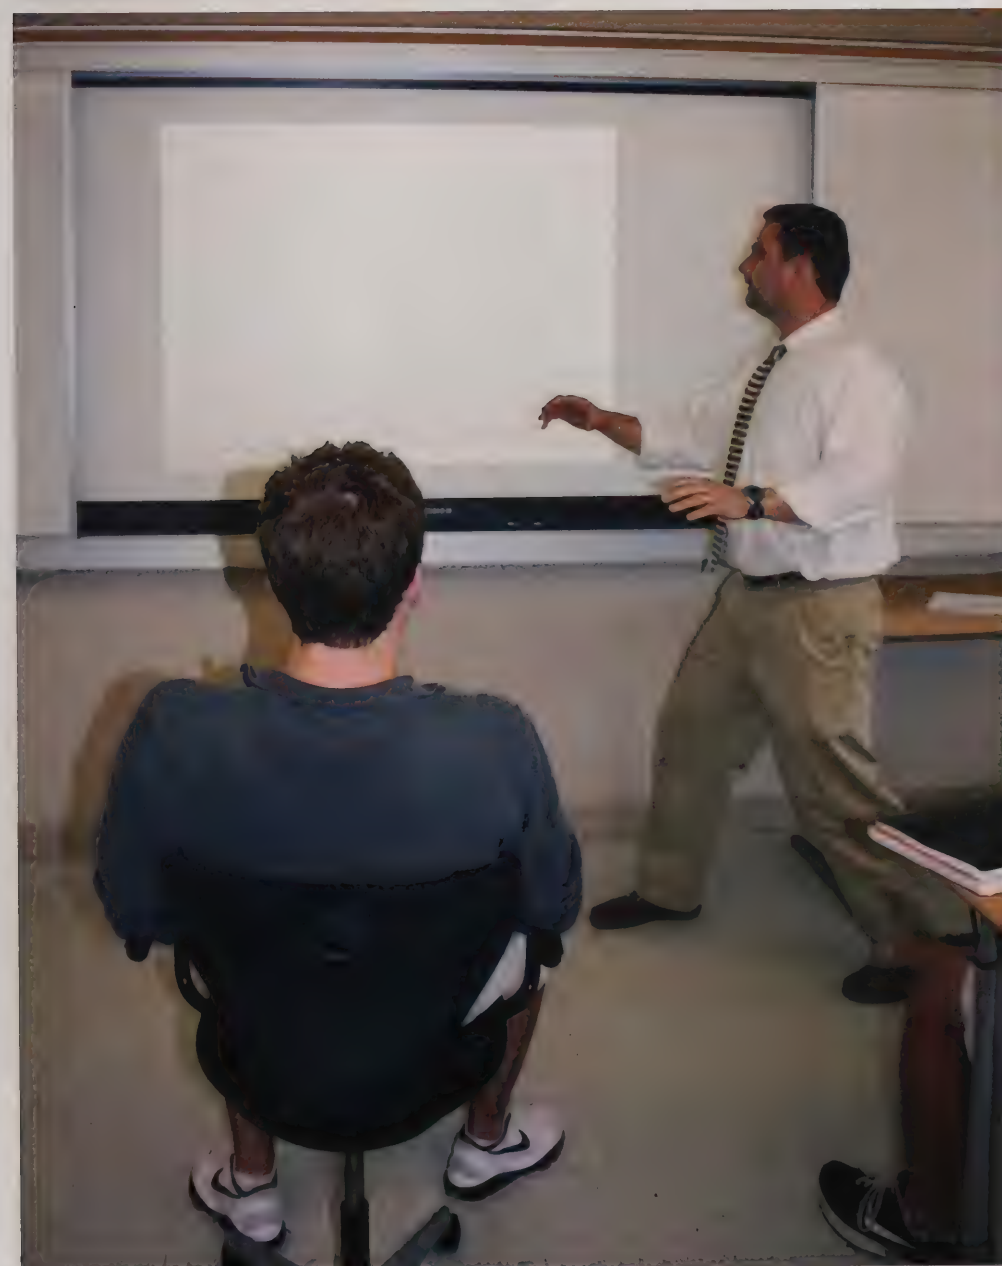

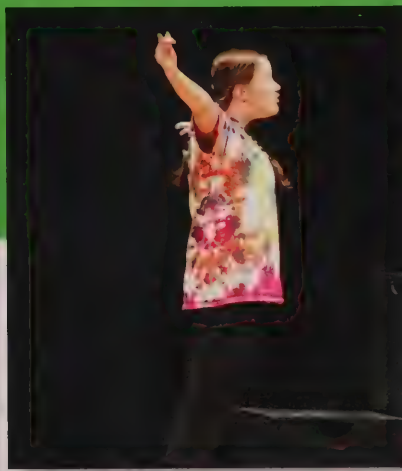

His reach into the WHS community does not stop there, as students who have not had him as a teacher know. **Glen Donovan** was fortunate in this respect: "He was my JV basketball coach and even though I've never had him as a teacher he always takes time to say hi and ask how my day is." **Molly O'Brien**: "He is very dedicated to all students but especially the senior class. His kind and caring personality shines through in all he does from freshman history to AP psychology to softball. If anybody deserves this dedication it's him. He keeps his classes interesting and his students engaged. He gave us a great senior year!"

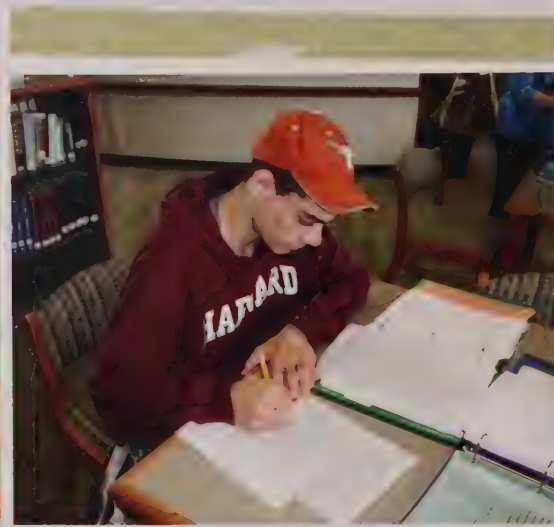

Many senior here today believe Mr. Sherr deserves recognition, like **Annie Husted**: "You have been a great contributor to our graduating class, as well as a wonderful teacher and a lot of fun." **Ryan McNulty**: "You have been encouraging of our senior class. And you tell the best jokes ever." So, on behalf of this year's senior class we want to recognize your contributions to us, your funny jokes, and your all around awesomeness by dedicating this year's yearbook to you. We sincerely thank you.

School Government

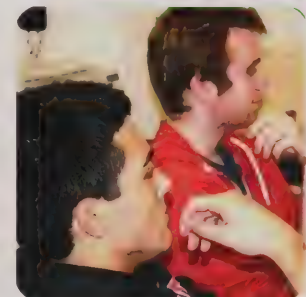

Judicial Council is the government body to which a student may appeal a disciplinary ruling. Both teachers and students listen to involved parties, consider the school policies and make a ruling on the case.

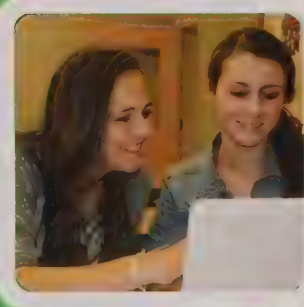

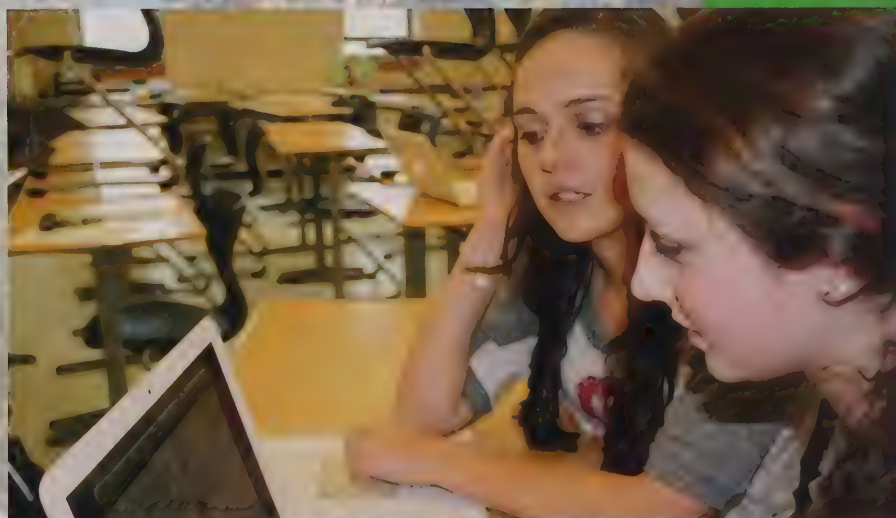

Legislative Council is comprised of elected representatives of each grade and the faculty. Members have an important role to play in maintaining and improving the school community. The council reviews handbook policies and proposes changes to the administration.

Student Council is comprised of a group of students from each grade who plan the school's social agenda. The Council's primary function is to organize and execute school events aimed at raising school spirit.

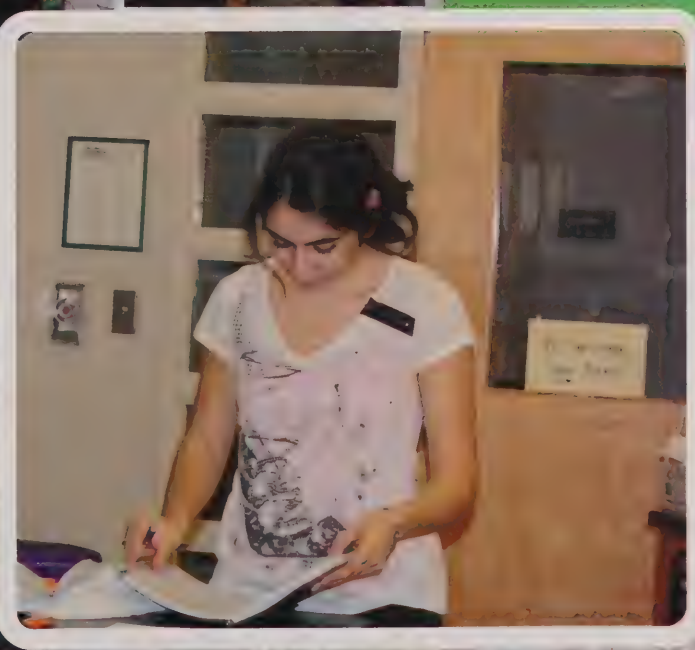

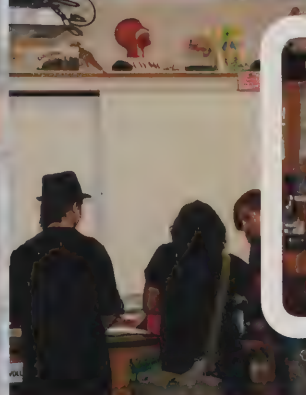

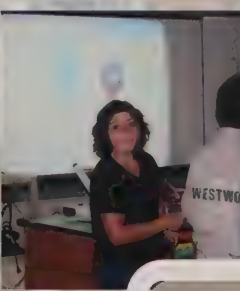

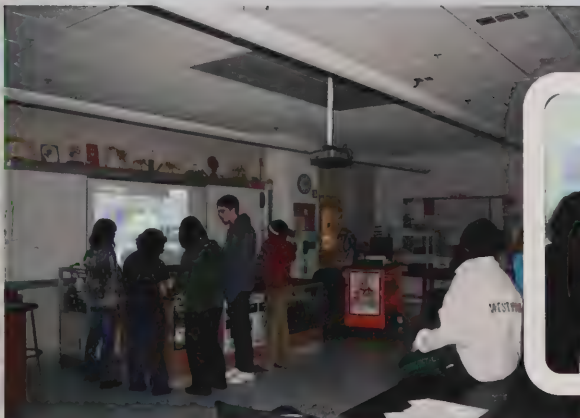

Amnesty International is a group of concerned students dedicated to ending the violation of human rights around the globe and within our own nation. Members learn about the different ways humans are treated within different nations and learn that many people are deprived of the basic rights which citizens in the United States have. While raising money, Amnesty club members make Westwood students aware that many children their age are denied the same opportunities that they have.

Amnesty International

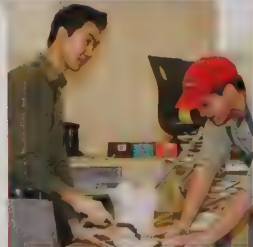

Anime Club

Anime Club consists of students exploring their interests in Japanese culture by watching Anime (Japanese Cartoons and movies), playing video games, and having discussions.

Asian Club

The Asian Culture Club is a fun, diverse, and informative club that explores, hosts, and celebrates Asian culture. The club enriches school with events about Asian cultures including Japanese and Korean, and provides a social setting and network for students at Westwood.

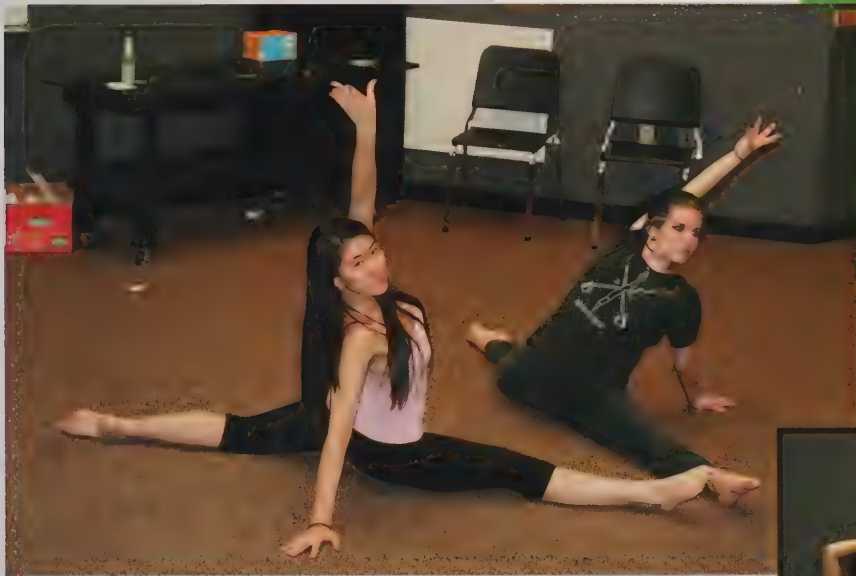

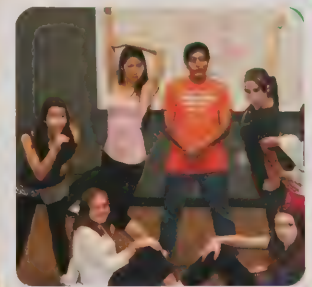

Debate Team

Debate Club students develop critical thinking skills, and construct effective arguments. Students compile and compare research in preparation for debate competitions with other schools. The team prepares for different formats including Lincoln-Douglas and Mass. Forensic League debates.

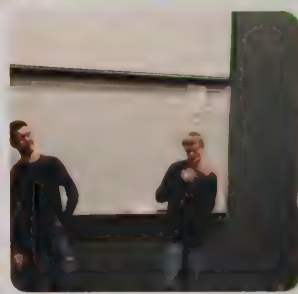

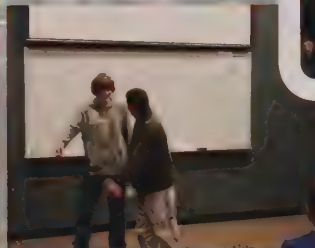

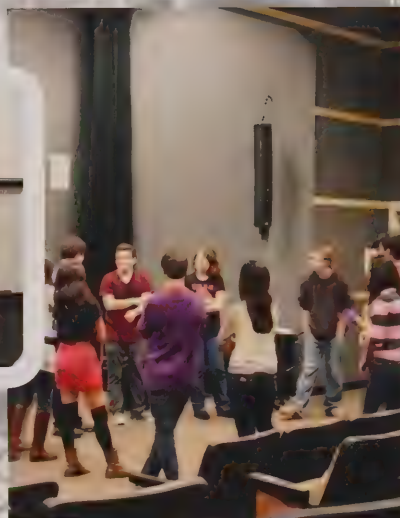

Dance Team

The Dance team choreographs dance pieces and performs them at a variety of events throughout the year, including the fall pep rally, and at games. Their dances combine several different styles, including jazz, hip-hop, modern, and step.

Drama Club

Drama Club offers students the chance to enhance their theatrical skills by creating sketches through improv, and expressing their love for drama.

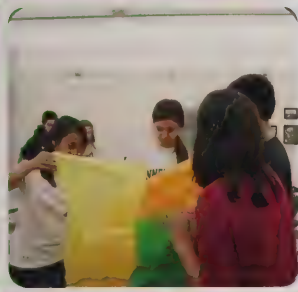

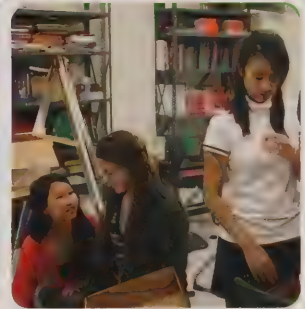

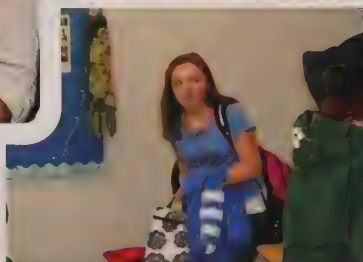

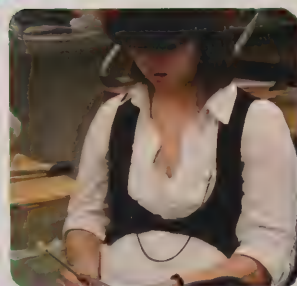

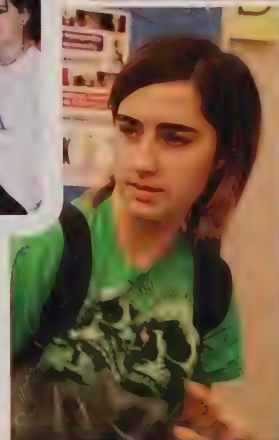

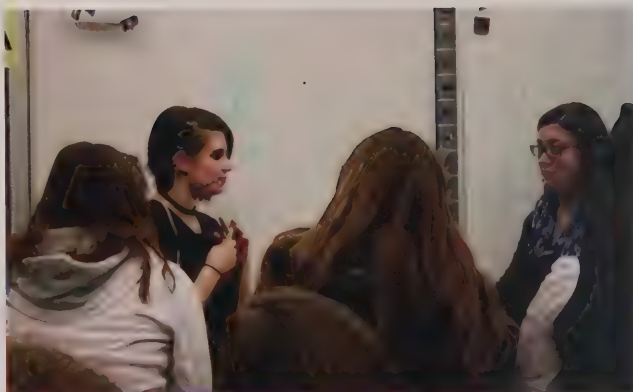

Ecolibrium

Ecolibrium is an environmental awareness and action club that concerns itself with solutions to problems brought about by abuse of the environment.

French Club

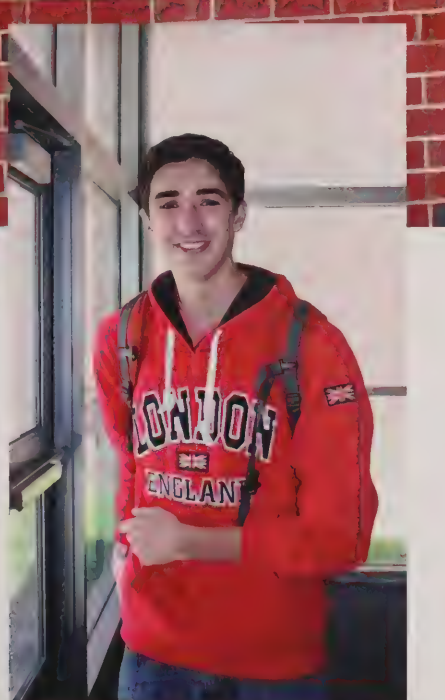

The French Club celebrates the French language and culture. At meetings they plan all sorts of fun activities that they can do as a group and try to speak in French as much as possible while doing so.

Gay / Straight Alliance

The Gay Straight Alliance promotes acceptance and equal rights for the LGBTQ community. During their meetings, they discuss issues and plan activities. Early in the year, members of the club worked on Ally Week and in the spring, they organized the Day of Silence.

KIVA

KIVA club strives to make a difference through fundraising and community awareness of universal problems. This group is committed to alleviating poverty in developing countries through microcredit loans.

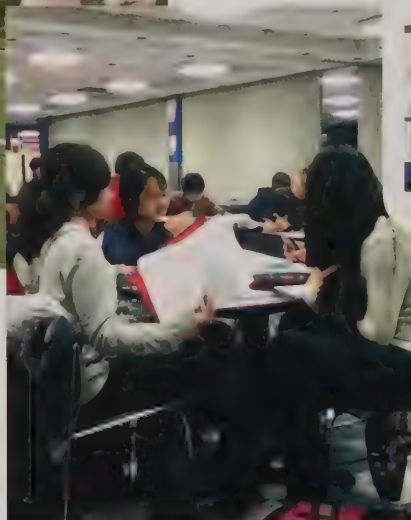

Key Club

Key club's focus is community service. Members organize food drives and contribute to various fund raising events. Key club promotes volunteerism and gets people involved in meaningful community service.

Collegium Latinum

In Latin Club, members study the ancient world. During meetings members discuss debates on topics like medicine in the ancient world, Latin mottos on modern coins, and Latin spells. They gain further knowledge of Mediterranean customs and culture.

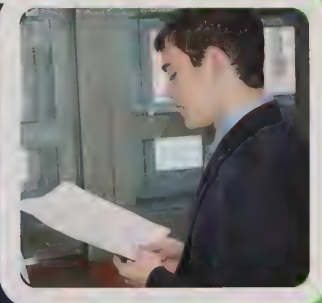

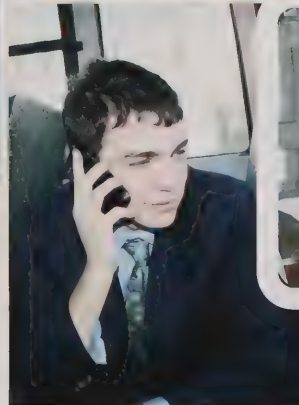

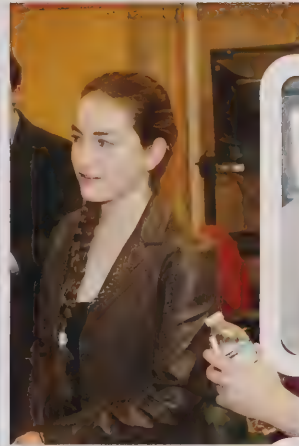

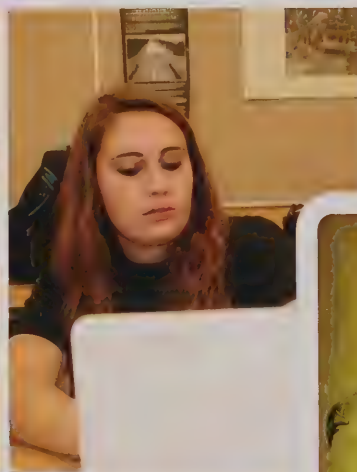

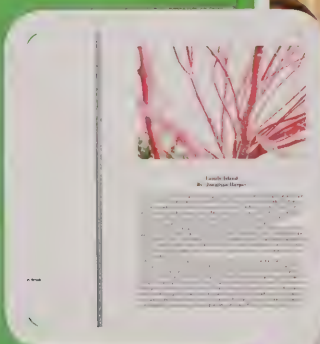

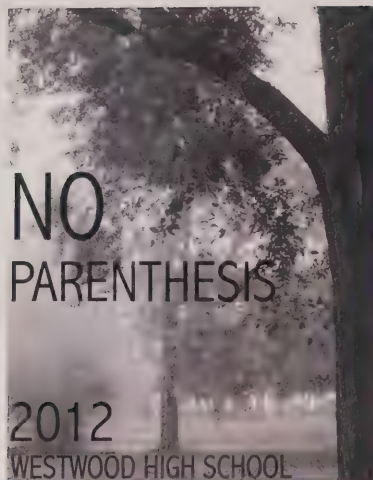

Math Team

The purpose of this club is to have fun doing math and to compete with fellow math-lovers from Westwood and other communities at Math Meets. Students expand their mathematical knowledge and understanding and try their best in competitions.

Mock Trials

Members in Mock Trials compete against other schools in a test of their reasoning and rhetoric skills. The students study and analyze a mock criminal case, and then prepare to argue both sides in court. A tremendous amount of work is necessary to prepare for a trial. During a meeting, students learn about courtroom procedures and skills.

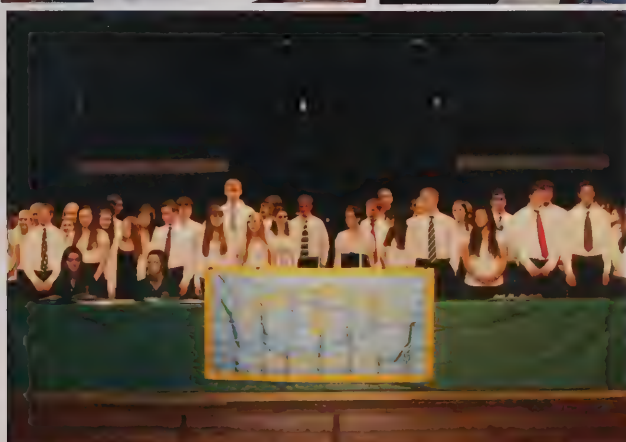

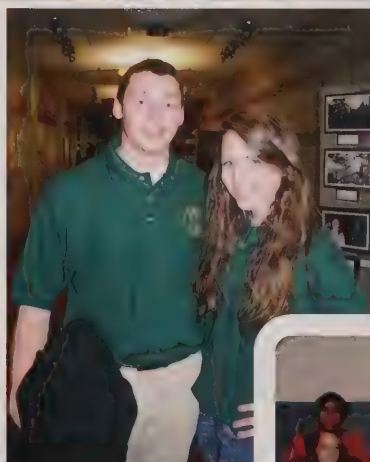

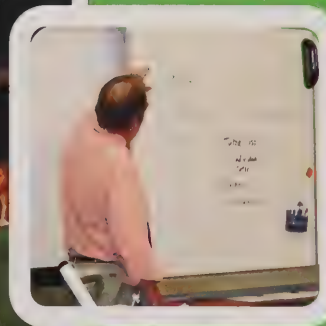

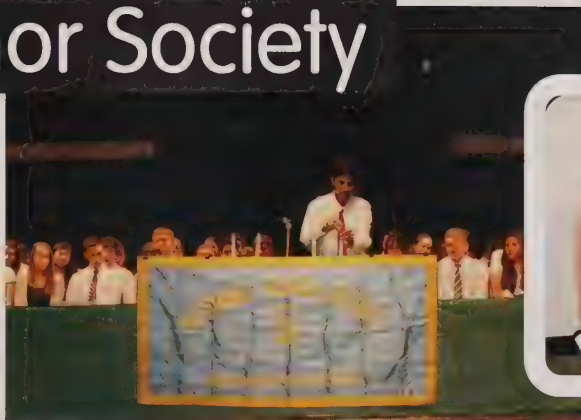

No Parenthesis

No Parenthesis is WHS's literary and arts magazine. All students are invited to submit poems, essays, short stories, and visual art for publication. The staff spends many hours reviewing and editing submissions, and preparing the material for production.

National Honor Society

NHS is a national organization that recognizes students for their scholarship, leadership, character, and service. Students are invited to apply if they have a weighted GPA of 3.5 or higher, and if they exhibit the core values of WHS. Each member is required to complete forty hours of community service.

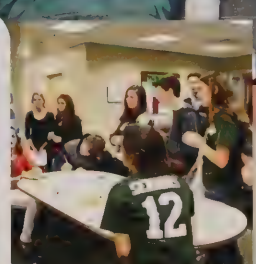

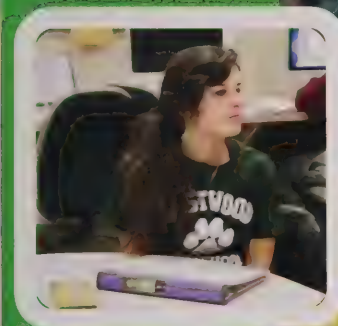

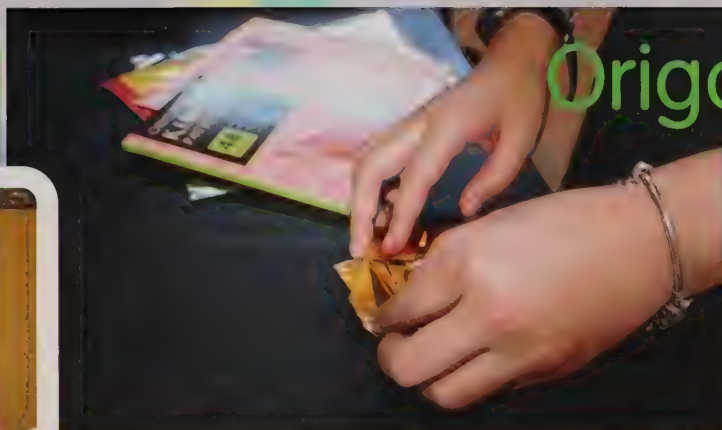

Science Team

The Science Team works hard to win its monthly competitions against nearby schools. Members each study and prepare for their chosen event, and their knowledge is then put to the test. Every year they strive to improve their performances at the science meets and get a better ranking than the previous year.

Origami Club

The Origami Club meets regularly to learn and develop skills in origami - the Japanese art of folding paper into decorative shapes and figures.

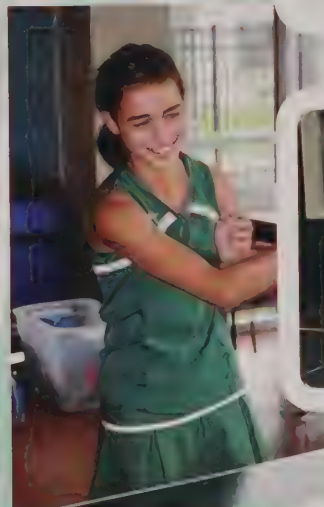

Peer Mediators

Peer Mediators is a conflict resolution group with a focus on bullying prevention. This club is involved in mediation sessions, and bullying prevention programs such as Random Acts of Kindness Week, the ADL Youth Conference and Freshman seminars.

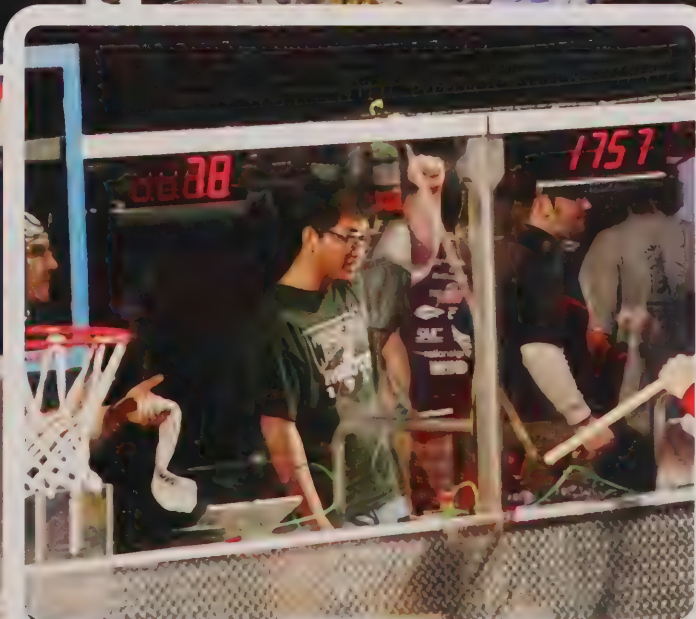

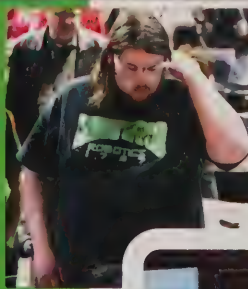

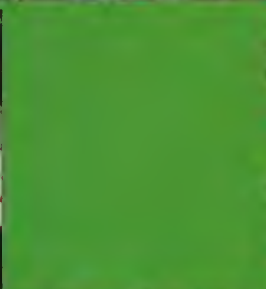

Ping Pong Club

The purpose of Ping Pong Club is to get together and play friendly, yet competitive ping-pong games. It is a low key way to relax and have fun for players of all abilities. The club rotates between singles and doubles matches.

Robotics

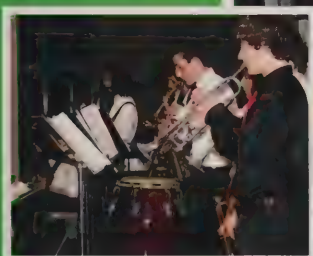

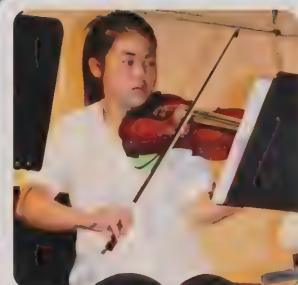

Each year the Robotics Team designs and builds a robot to compete in the Boston Regional FIRST Logomotion Competition. The club provides an opportunity to learn about mechanisms, software, and electronics in a real world environment. The team divides into groups so everyone participates.

Westwood Ambassadors

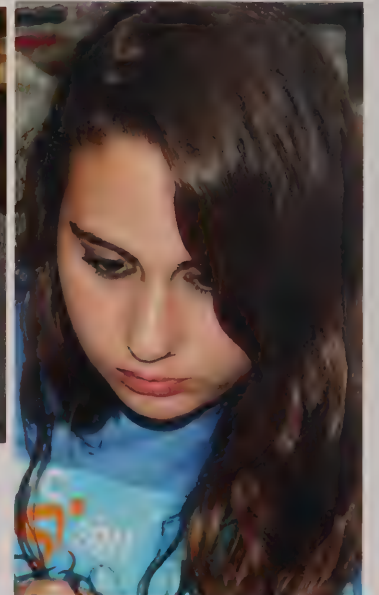

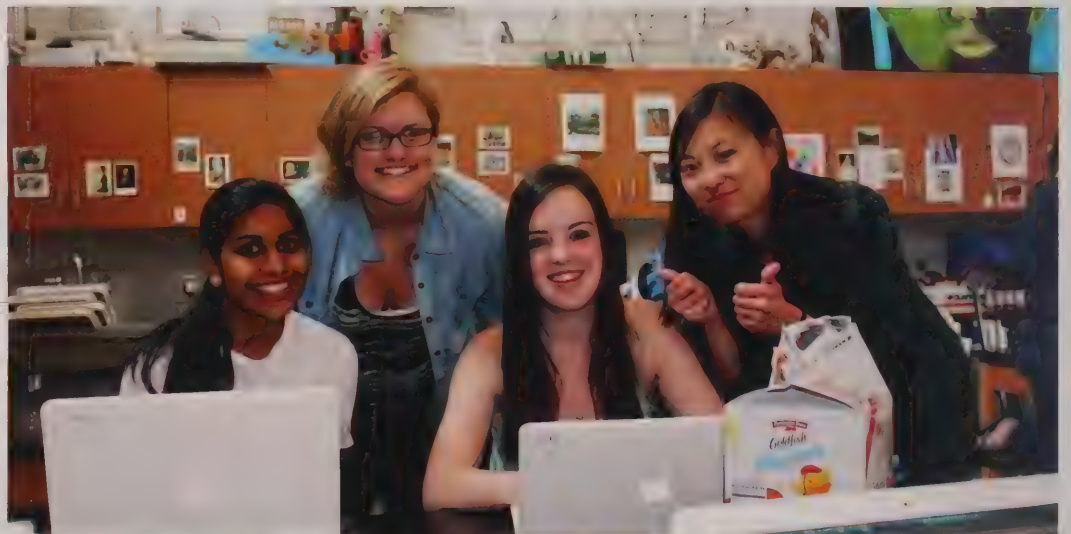

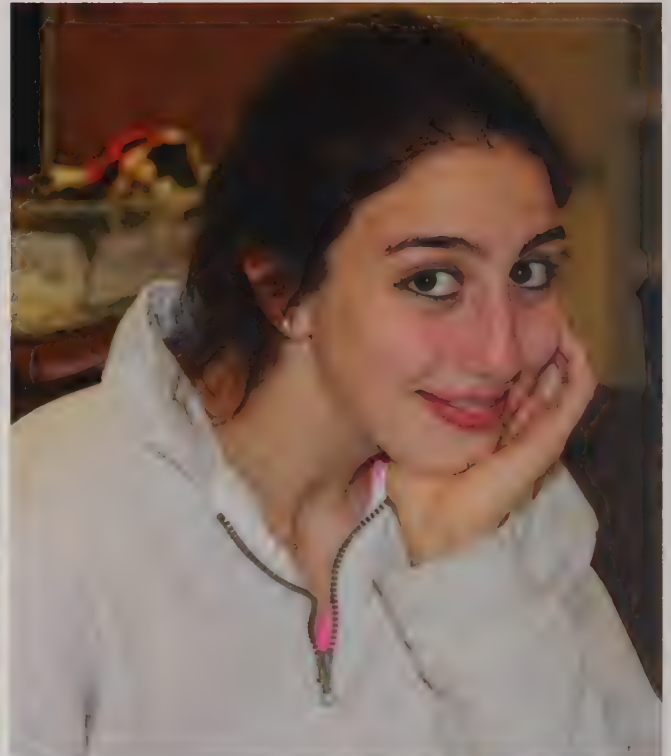

The members of Westwood Ambassadors represent the WHS community by welcoming and assisting new students and assisting 8th graders with plans as they transition to high school life. Throughout the year as new students join WHS, Ambassadors make them feel welcome.

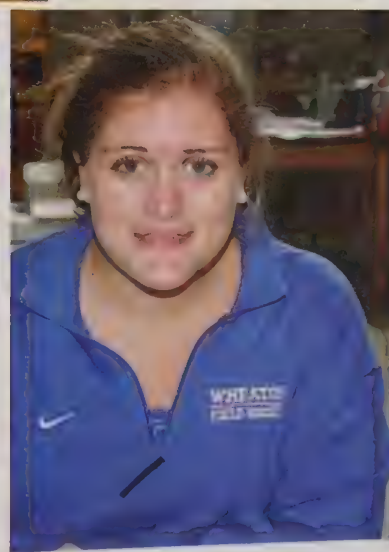

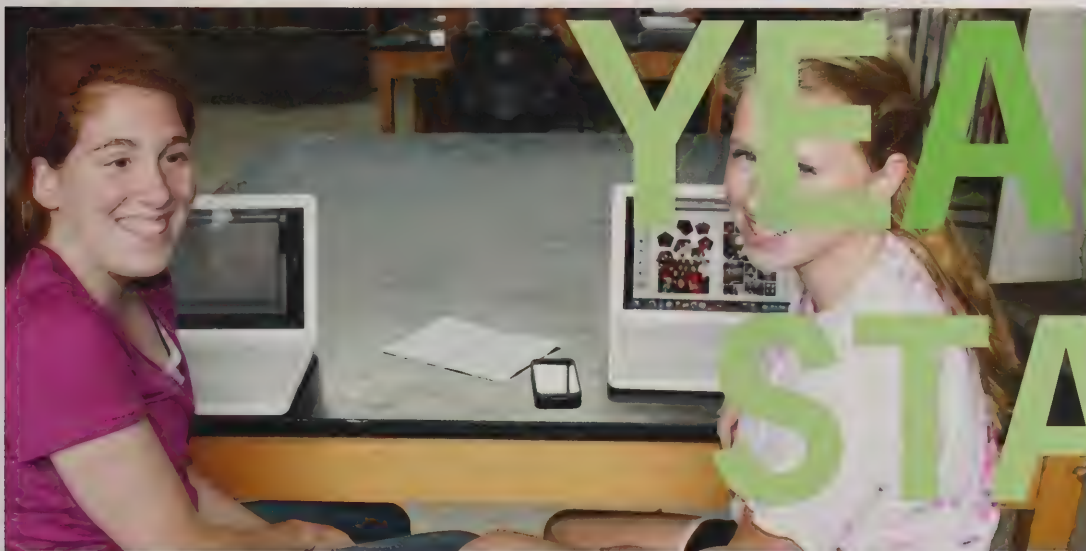

The 2012 Green Years Staff dedicated Wednesday and Friday afternoons, the occasional Saturday and countless other hours to putting together this record of WHS's shared experiences. Our hardworking staff representing all grades hopes you enjoy the book!

GIRLS TENNIS

"All four years of high school tennis have been a great experience. This team always brings together girls who wouldn't normally interact and because of that we have a quirky and unforgettable dynamic. We've all become friends between the wins, the losses, and the practices; we've become a family because of the support my teammates and I have for each other."

- MaryKate Moran

ENCOUNTERS

With the Arts

Visual and Performing Arts Depts. hosted this annual festival with artmaking, performances and exhibits. Corridors were transformed into galleries, guests could have creative photo portraits made, and over \$1000 was raised for the Greater Boston Food Bank. Chorus, Orchestra, Band, Passing Notes and Tri-M performed brilliantly.

"In this dream play everything can happen, everything is possible and probable. Time and place do not exist; on an insignificant basis of reality the imagination spins, weaving new patterns; a mixture of memories, experiences, free fancies, incongruities and improvisations. But one consciousness rules over them all, that of the dreamer; for her there are no secrets, no illogicalities, no scruples, no laws. She neither acquits nor condemns, but merely relates; and, just as a dream is more often painful than happy, so an undertone of melancholy and of pity for all mortal beings accompanies this flickering tale." August Strindberg, playwright.

Set in New York City, this oddball romantic comedy soars with the spirit of Broadway as it introduces us to a cast of vivid characters: Sarah Brown, the upright but uptight "mission doll," out to reform the evildoers of Times Square; Sky Masterson, the slick, high-rolling gambler who woos her on a bet and ends up falling in love; Adelaide, the chronically ill nightclub performer whose condition is brought on by the fact she's been engaged to the same man for 14 years; and Nathan Detroit, her devoted fiance, desperate as always to find a spot for his infamous floating crap game. Everything worked out in the end, thanks to the hilarious, fast-paced book and a brassy, immortal score, which took us from the heart of Times Square to the cafes of Havana, Cuba, and even into the sewers of New York.

"You're off to Great Places!
Today is your day!
Your mountain is waiting,
So... get on your way!
So be sure when you step,
Step with care and
great tact,
And remember that life's
A Great Balancing Act.
And will you succeed?
Yes! You will, indeed!"

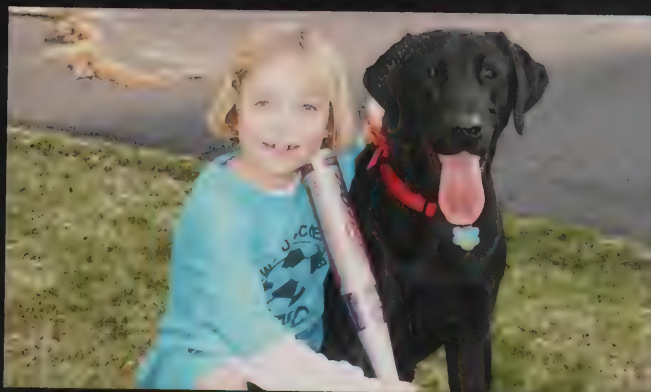

Dr. Suess, Oh, The Places You'll Go!

SAMANTHA MARIA BARTHOLOMEW

To laugh often and much; to win the respect of intelligent people and affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a bit better; whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded.

-Ralph Waldo Emerson-

We love you! You have been and will always be our "sunshine"!

We wish you much happiness and success in all that you do!

We are so very proud of you! You deserve the best always!

Love the universe infinity, Your Family
